## AMUSEMENTS.

**HARRITT'S OPERA HOUSE.**  
February 5—Fanny Rice.  
February 15—Prof. Bristol's Equine Wonder.  
February 16, 17, 18, 19—Ford's Comedians.  
March 15—Richard & Pringle's (Billy Ker-sands) Minstrels.

**GEORGE C. PERKINS** of California will be his own successor as Senator of the Golden State.

**STEPHEN CRANE**, the novelist, attempted to go to Cuba on a filibustering steamer. Fortunately for Crane, the craft was wrecked and he escaped to Florida on an improvised raft.

**THE LOS ANGELES TIMES** of Sunday gives considerable space to the Cliff Dwellers in this vicinity and publishes pictures of the Indian mummies on exhibition at Babbitt Bros.

**THE** banking business in the East is a hazardous and exciting vocation—for the depositors. What the officers fail to steal, burglars and cracksmen appropriate, though their share at times is exceedingly small.

**WORMS, GERMANY**, takes first prize on a scheme for filtering water, according to the United States Consul's report. The plan will be tried on the Chicago river, which is so rank that worms can't live in it.

**THE LOS ANGELES HERALD** prints a picture of the new City Council at work. The pictures are right up to the Herald standard, which is sufficient in itself to give good grounds for libel suits to be filed against that otherwise respectable journal by the caricatured Councilmen.

**THE** sanity of a New York cigar dealer who hung out a sign in front of his place of business reading, "Try our Cigars and Prepare for Eternity," having been questioned, it should be remembered that he lives in a town where suicide clubs are popular. His trade was undoubtedly increased.

**SENATOR HILL'S** seat in Congress, the term of which expires March 4, is being scrapped for by two snail-worthies of the Empire State—Joseph Choate and Tom Platt. Choate would make a good successor to Hill, while Platt—well, the boss said about him, from an administration standpoint, the better.

**IRELAND** is badly afflicted indeed. While a meeting was in progress in Dublin to protest against the exorbitant taxation levied on the Emerald Isle by the British government, a bog slide creates havoc to life and property in another part of the country. It is claimed that Ireland is overtaxed to the amount of \$13,750,000.

**A PECULIARITY** about a majority of English authors who write "continued stories" in the magazines is the ease with which they can transfer a scene of holiday gaiety and picnic pleasures to one of blood and crime. Most of their dark deeds start in gayly and lightly, though they end with a miserable and shocking tragedy. Murder and crime are all one holiday event with the Britishers.

**SIX** cents damages and six cents costs is the verdict returned Monday at Oshkosh, Wis., in a suit brought by Rev. C. R. Birdick for \$25,000 damages against W. H. Phillips, a wealthy lumberman, who had accused the preacher of swiping a whisk broom. The reverend gentlemen is vindicated of the terrible charge and perhaps by this time believes in the wisdom of the "steenth commandment, which says: "Leave not thy neighbor's back stool."

The value of the mineral output of Arizona, including gold, silver, lead, copper and limestone, for the last year is fixed at \$13,978,233.

**W. O. O'NEILL** was elected Mayor of the city of Prescott on Monday, and Thos. Schultz Recorder. There were only 250 votes cast at the election.

**THE** Territorial Legislature meets in Phoenix on the 18th of this month and judging from the interest the various members are taking in endeavoring to get the wishes of their constituents, a great deal of judicious and wise legislation will be done.

**EASTERN** cities are overcrowded with the unemployed. If some of these worthy people would let up on berating the sun, moon and stars and everything else for their unfortunate condition and come to Arizona they would find that their troubles were only imaginary. There is room here for thousands of willing workers.

**GENERAL GOMEZ** has given orders that on and after January 1, 1897, no Spanish prisoners will be taken alive, but will be exterminated. Women and children are excluded from this decree, but the pacifics in general will either have to take up a musket or machete and fight for Cuba or join the Spanish forces. This action is defensive, to offset a similar decree by Weyler.

**MISMANAGEMENT** of banking institutions and what approaches very nearly to dishonesty of the officers, resulting in the suspension and "busting" of those "financial bulwarks" of the nation, cannot with any great degree of fairness be blamed to the political conditions of the country. Out of about fifteen banks that went broke during December, 1896, perhaps not a third could be charged up to politics.

**WITH** this issue of THE SUN-DEMOCRAT enters into the work of a new year. The paper will give clear of personalities, be candid in its views, deal fairly with all subjects, and accord to them the same rights and privileges it claims. Its columns will be devoted to the best interests of Coconino county, and we ask the co-operation of all in our efforts, and hope that 1897 will be a year full of happiness and prosperity to every one.

**ON** Tuesday night the prisoners at Yuma came very near making a wholesale escape. They had commenced a tunnel from the onyx work shops under the stone foundation and then doubtless aimed to burrow to the surface on the outside. They had made a tunnel about 20 feet in length when discovered by Superintendent Nugent, and were within a foot of the outside. The diligence of the superintendent no doubt prevented the escape of a number of the convicts.

**WHILE** Congress will not recognize the independence of Cuba, Uncle Sam is busy furnishing up the navy and getting everything in trim for what looks to most people like war. Eastern powder factories are running night and day, which is ascribed to a demand from the Cuban Junta in New York for more munitions of war. One thing is certain: Cuba will either win her independence without recognition by the United States or she will get it through the aid of Uncle Sam. The main point is established—Cuba will soon be an independent nation.

**A NEGRO** who had attacked a white woman at Mayfield, Ky., was dragged from jail and hanged to a tree in the courthouse yard by a mob. Before he was hung he was told to pray, which he tried to do, and the mob then began driving knives into his body and tried to force him to confess his guilt. To the last he declared himself innocent and the mob continued the torture by cutting off his fingers and toes. At length he was strung up to the tree and his body riddled with bullets. It seems almost impossible that such a crime could happen in a civilized community, and we have grave doubts of this particular section of Kentucky being very much removed from the "civilization that guided men to do just such deeds as this in the Dark Ages."

## MARRIED.

**LIVERMORE-SAMPSON** At the home of the bride in Phoenix, on Wednesday, December 30, 1896 Mr. Frank M. Livermore of Flagstaff to Miss Lucille Bingham Sampson, of Phoenix, Rev. Dr. C. J. Chase officiating.

The contracting parties are two of Arizona's most cultured people. The bride is the gifted daughter of Gen. A. J. Sampson and is highly esteemed by her numerous friends and acquaintances for her many rare accomplishments. Mr. Livermore is one of the staunch citizens of Northern Arizona and for a number of years has held the important position of general manager of the Arizona Cattle Company.

To the newly married couple THE SUN-DEMOCRAT extends congratulations and hopes their married life may be a most happy one.

Of the above marriage the Phoenix Herald says:

"PHOENIX AND FLAGSTAFF MARRIED." "Last night Miss Lucille Bingham Sampson, daughter of General and Mrs. A. J. Sampson, was married to Mr. Frank M. Livermore of Flagstaff, at the residence of the bride's parents in this city. The ceremony was performed by the Rev. Dr. C. J. Chase, pastor of the First M. E. church."

"Only the immediate friends of the contracting parties were present. "Mr. and Mrs. Livermore left for their future home in Flagstaff this morning. Mr. Livermore is the general manager of the A1 Cattle Company, with which company he has been for thirteen years, and is well spoken of and highly esteemed by those who know him best."

"Mrs. Livermore, nee Miss Sampson, was a comparatively new comer in Phoenix, but during her short residence here has made many friends. She was one of the most charming and highly cultured young ladies of the city and will be highly missed in social circles. Phoenix' loss is Flagstaff's gain. Many friends wish the happy couple an abundance of the joys and successes of life."

The Phoenix Republican has the following: "The marriage of Frank M. Livermore and Miss Lucille Bingham Sampson, daughter of General and Mrs. A. J. Sampson, occurred last night at the residence of the bride's parents. The ceremony was performed by Dr. C. J. Chase of the M. E. church in the presence only of the relatives of the bride. Mr. and Mrs. Livermore will leave this morning for Flagstaff, where they will reside. Mr. Livermore is general manager of the A1 Cattle Company and is highly esteemed by all who know him. His wife, who has until lately resided in Denver, is a highly accomplished young lady."

**Li Hung Chang** evidently has very little respect for a man who earns his living like Richard Harding Davis does—by writing good stories. Richard met Li in St. Petersburg and as usual the Chinese statesman asked him what he did for a living, how rich he was, etc. To the first question Mr. Davis said, "I write books." "Why do you write?" asked Li; "are you not strong enough to work?"

The bill providing for the leasing of the school and university lands in Arizona passed last Congress and became a law, and yet not an acre of these lands have been leased. What has become of the board whose duty it is to see after this matter? A large portion of these lands is in Coconino county.

# That Tired Feeling

Makes you seem "all broken up," without life, ambition, energy or appetite. It is often the forerunner of serious illness, or the accompaniment of nervous troubles. It is a positive proof of thin, weak, impure blood; for, if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body. The necessity of taking Hood's Sarsaparilla for that tired feeling is therefore apparent to every one, and the good it will do you is equally beyond question. Remember

# Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier.

## Opinion of An Expert.

Below we give what John W. Kelley, a well known mining man, has to say about Randsburg: "There is more gold scattered over the surface of Randsburg than in any camp I was ever in. I think that California and the west promise to have there one of the richest camps. Every man who has a claim in the belt feels himself a millionaire. It is being watched by mining men from Montana, Colorado and Nevada."

"Among the richest properties are those owned by the Rand company and P. Reddy & Co.," he said. "One of the best of these is the Olympus chute of ore which runs \$30 to the ton. There are twelve claims in the Rand company group. Rich seams run all over the hill apparently tending toward the Olympus ore body. They get ore hauled and milled for \$8.50 per ton."

"Other rich finds are the Kenyon, Wedge and Butte properties. The Kenyon has milled ore from a depth of seventy feet, being taken six feet wide from the vein, and it runs \$116 per ton. The St. Elmo, owned by Bakersfield parties, is six miles from Randsburg, in the Mohave desert. Some very rich ore has been taken out there. It is right in the desert. A prospector in passing the spot hit a big boulder a clip, picked up the piece he knocked off, and there it was—rich quartz."

"Randsburg is a typical mining town and is growing very rapidly. The population is now between 1,500 and 2,000 people, and more are coming in every day. Buildings are going up rapidly. A daily newspaper was started two or three weeks ago. Squatters have settled on some placer claims, and there may be some trouble over it some day, but it has not appeared yet. These claims are taken up and are in the town."
